#### **OBJECTIVE**

Aspiring Full Stack Web Developer with hands-on experience in building dynamic web applications, seeking an entry-level position to leverage skills in HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB to contribute to innovative projects.

#### **SKILLS**

- ❖ Frontend: HTML, CSS, JavaScript, TypeScript, React.js (Basic), Bootstrap, Tailwind CSS, EJS, Vite, Redux
- **A Backend:** Node.js, Express.js
- **❖ Databases:** MongoDB, MySQL (Basic)
- ♦ Others: REST API, Git, GitHub, Redux Toolkit

#### **EDUCATION**

❖ E&TC | k.k Wagh Institute of Engineering, Nashik | CGPA: 7.35 | (Aug '19 - Oct '23)

### **PROJECTS**

- StayVista Hotel Booking Web Application
- Developed a full-stack hotel booking app using the MVC framework.
- Implemented CRUD operations for managing hotels and reviews.
- Integrated user auth with Passport.js and session management with express-session.
- Utilized EJS for dynamic content and Bootstrap for responsive design.
- Enhanced user experience with form validation, error handling, and flash messages.

### **❖** Simple User Management System

- Designed a user management system for efficient CRUD operations on customer data.
- Used Express and Mongoose for web framework and MongoDB integration.
- Managed user sessions with express-session and improved UX with connect-flash.
- Implemented robust error handling for smooth operation.

### **❖** React Mini Sticky Notes

- Created a sticky notes application using ReactJS and Vite.
- Allowed users to add, mark, unmark, and delete notes.
- Focused on a clean and intuitive UI for efficient note organization.

### **❖** Portfolio Website

• Developed a personal portfolio showcasing skills, projects, and contact information, utilizing HTML, CSS, and JavaScript.

**View Portfolio**: [https://prajwalnikam7131.github.io/fullstack-dev-portfolio/]

#### **INTERNSHIP EXPERIENCE**

## **Internship Studio** | July 5 – August 9, 2024

- Gained hands-on experience in both frontend and backend development.
- Contributed to dynamic web projects, code reviews, and debugging.
